The Lions Eye Bank of Wisconsin, Inc., a nonprofit 501(c)3, is a team of professionals and volunteers dedicated to restoring the Gift of Sight through transplantation of corneas, research to advance the knowledge and treatment of eye diseases, and education to increase donations of human eyes after death.

The Lions Eye Bank of Wisconsin serves the entire state and has its laboratory and offices in Madison, Wisconsin.

The Lions Eye Bank of Wisconsin fulfills this mission by procuring, processing, and distributing eye tissue to corneal transplant surgeons, researchers, and teachers. Equally as important is our commitment to education through our network of medical professionals, Lions and Lioness Clubs and members, and other volunteers who give generously of their time, talent, and treasures.

The Lions Eye Bank of Wisconsin continues to commit itself to people ~ those in the present who receive a transplant and those in the future who will benefit from today's research. Our ultimate goal is to improve people's quality of life through the *Gift of Sight*.
